Welcome to 700Credit

700Credit is the leading provider of credit reports, compliance solutions, soft pull products, identity theft and driver's license authentication platforms for automotive, RV, Powersports and Marine dealers in the US. Our product and service offerings include credit reports, prescreen and prequalification platforms, OFAC compliance, Red Flag solutions, 2022 Safeguards protection, Synthetic ID Fraud Detection, score disclosure, Risk-Based Pricing and Adverse Action notices, identity verification, and mobile and in-store driver's license authentication solutions. With over 21,000 direct dealer clients, and 200+ software partners, we look forward to becoming your trusted credit and compliance vendor.

Credit Report Solutions

We are the largest authorized reseller of credit reports from all three leading national credit companies, **Experian, Equifax and TransUnion**. All 700Credit clients receive their— choice of report format (HTML, enhanced, TTY or Merged Format), score, and ancillary products.

Compliance Solutions

We offer an array of products and services in a customized package for our dealerships, all of which work to automate your compliance practices and keep your dealership ready at all times for future audits. Our **Compliance Dashboard** is a complete monitoring solution, that is unique in the industry and helps you manage and stay on top of credit reporting and compliance from one single view. **Our compliance solutions include:**

- **Adverse Action Notices**
- **Risk-Based Pricing Notices**
- **OFAC Search**
- **Red Flag ID**
- **Privacy Notices**
- **Out of Wallet Questions**

Soft Pulls

The term “*soft pull*” refers to an action where a soft inquiry is made on a consumer's credit file using name and address only. Soft pull solutions **do not require a customer's SSN or DoB** and have **no impact on a customer's credit profile**. We have several soft pull solutions to choose from and help you engage consumers and speed the sales process, including:

QuickQualify (prequalification)

QuickQualify is a powerful “*call-to-action*” for your dealership website. This application requires only the consumer's name and address (*no SSN or DoB*) and provides dealers with a FICO® score and full credit report. Generate **3 to 4 times the leads** over a typical lead form and empower your sales team with the data they need to discuss qualified payment options.

QuickScreen (prescreen)

QuickScreen is a dealer-initiated soft pull solution that does not require a customer's SSN or DoB and does not impact their credit score. This solution can be integrated with many applications at your store, *giving you visibility into your customer's credit profile before you work a deal*, so you can work the right deal, right away.

Identity Verification & Fraud Detection

We are here to protect your store through our all-encompassing Identity Verification and Fraud Detection platform which includes the following solutions:

Identity Verification

Our platform is an automated solution that provides a summary table of results appended to each credit report. This vital service flags questionable information, focusing on high-risk applicants, social security numbers, driver's licenses and addresses. The 700Credit Identity Verification platform includes; OFAC Terrorist Search, ID Match, Synthetic Fraud, Military Lending Act (MLA), ID Verification, Red Flag, and Out of Wallet Questions (OOW).

Synthetic ID Fraud

A solution that uses proprietary logic and unique combinations of available data, the high-risk fraud score looks at a consumer's credit behavior and credit relationships over time to uncover previously undetectable risks. Dealers are returned a risk score with score factors to help determine if a new customer application is likely associated with a synthetic identity.

Income & Employment Verification

Combining the power of Experian's Verify™ product with The Work Number® from Equifax® and gain a more accurate understanding of a customer's financial standing. Dealers can now reduce risk and expand their coverage, offering lending decisions to a broader spectrum of consumers.

Driver's License Authentication Solutions

Protect your store with the industry's most advanced data capture and driver's license authentication solutions for automotive retailers today. We have **two platforms** for dealer's to authenticate customers – *both remotely and in-store.*

Mobile Scanner

Our document authentication platform, QuickScan, provides dealerships real-time confirmation of the legitimacy of a customer's driver's license and identity. This platform can be used in-store, as well as remotely when verifying the identities of online car buyers and leads. **Includes DMV validation and Deal Jacket integration.**

In-Store

ID Drive provides dealers with the most comprehensive physical driver's license scanning solution for automotive dealers today. This platform combines our prescreen and prequalification platforms, as well as our suite of Identity Verification tools (*Red Flag and Synthetic Fraud detection*) to deliver fast, accurate results.

Dealer Control DMS has integrated our credit, compliance and soft pull, prequalification solutions, QuickQualify, into their platform. This brief guide walks you how to pull/view full credit reports and prequalifications in the Dealer Control DMS backend. If you have any questions, please feel free to reach out to our support desk at: (866) 273-3848 or email us at: support@700Credit.com.

Pulling Credit & Running a Prequalification

After logging into the Dealer Control DMS, the user is presented with the customer log.

Note: Under the **“UCB”** column, dealers can view which consumers have enough information in the system to run a credit report or prequalification by the **“Listo”** status. If the column reads **“No”**, the dealer must provide more information in the consumer’s profile in order to run a report (ex. *No DoB has been provided*). If the column reads **“Ver”**, a report has already been run on the consumer and the dealer is able to view the iframe within their profile.

QuickMobile App (Dealer Mobile App)

Dealers are also able to receive immediate access to QuickScan lead information through the 700Credit **QuickMobile App**.

Specifically designed for dealers to manage their soft pull leads (*QuickQualify and QuickScan*) from a single, safe platform. It protects your consumer's information with a **secure login screen** and available at anytime on your own mobile or tablet device. .

- Receive **direct mobile notifications** when consumers complete the QuickQualify web form or QuickScan process.
- **Optimize interactions** with your consumers through one-click text response and mobile dialing.
- **Immediate access** to view all applicants and their credit score, credit file information, and QuickScan results.
- **Stay organized** by setting filters to view leads from only a specific period of time.
- **Text or email** the QuickQualify soft pull or QuickScan driver's license authentication forms **directly to the consumer**.

The **700Credit QuickMobile Dealer App** is offered at no charge and can be downloaded from the Apple and Android App Stores by searching for “**700Credit**” or by scanning the qr codes to the right.

Note: Installing the app does require your correct email address or cell phone be setup on your account to verify your user ID.

Contact our support team for assistance: **(866) 273-3848** or support@700credit.com.

Prequalification QR Codes

Besides serving as a valuable asset on your website and/or social media platforms, providing easy access to a prequalification form throughout your physical dealership can help **drive more qualified leads** while customers are in-store. This collaboration helps increase lead generation, reduce friction, and keep the sales process moving efficiently.

The process is simple:

1. Place QR code displays around your store.
2. Customers scan the QR code and are instantly brought to a soft pull lead form.
3. They will complete the form, provide consent and submit.
4. Dealers immediately receive the lead data and can view the soft pull results.

Implementing Best Practices

Place QR code displays in high traffic areas around your dealership, such as:

- Sales Desks
- Service Lounge
- Receptionist Desk
- Sales Tower
- Inventory; both on the showroom floor & the lot
 - Placement near the **window sticker** (*new vehicles*) or **Buyer's Guide** (*used vehicles*) ensures higher visibility and better performance.
- Off-site events where inventory may be on display
- Used in TV, social media and/or print marketing

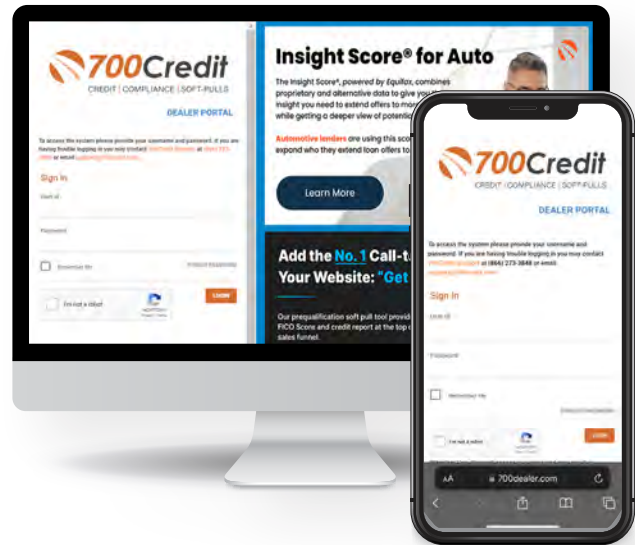

700Credit offers a library of standard QR code templates, however dealers can request a customized graphic to better reflect their brand. Customizations can include but are not limited to colors, fonts, verbiage/tone, logo, imagery, and more.

Visit <https://www.700credit.com/banners/> [QR Codes Page] for the complete standard collection.

Introduction to 700Dealer.com

All 700Credit dealers have exclusive access to their own personal credit portal hosted at 700Dealer.com. The unique platform provides dealers a single tool to seamlessly navigate and monitor credit data from all of their solutions; including, credit reports, compliance and soft pull solutions, ID verification and driver's license authentication platforms.

You should have received your username and password in a welcome email from our team. If you did not receive this email, or have misplaced it, please contact our support department at: support@700credit.com | (886) 273-3848.

Viewing Your Leads

After logging into your 700Dealer.com portal, locate/select the "Applicant List" menu item in the left-hand navigation panel where you will be presented with a mass list of all applicants in the platform. Select "Date Range" to filter the list and view different timeframes.

By clicking on any name in the list, you can view their soft pull, prequalification (QuickQuality) results, full credit report, red flag, and a link to their compliance dashboard.

To create a new user, it is easiest to find a similar user id, and select the **'Copy'** action, as highlighted in the previous step.

You can then fill in the new user information and make any changes in the setup necessary.

The image shows two sections of a user creation form. The top section, 'User Information', includes fields for Username, Password, and Retype Password, along with First, Middle, and Last Name. A 'Password Rules' box specifies requirements: at least 10 characters long, uppercase and lowercase characters, a numeric character, and a special character. The bottom section, 'User Setup Information', includes 'User Level' (Web User, Dealer Admin), 'Dealer' selection, 'From IP' and 'To IP' ranges, and 'Security Questions' with three questions and answers.

Viewing Invoices

Dealers can also view their monthly invoices online by selecting the **'Online Invoicing'** tab in the left-hand menu.

The image shows the 'Administration' section of the 700Credit portal. The left-hand menu has 'Online Invoicing' highlighted with a red box. The main content area displays a 'Billing Summary' for Invoice Number 605347, dated 12/11/2018. The summary shows a Past Due Balance of \$0.00, Current Activity of \$1,295.30, and an Invoice Total of \$1,295.30. It also lists 'Online Payments' and 'Auto Payments' of \$0.00 each. The balance due by 12/11/2018 is \$1,295.30. The interface includes a navigation menu, a 'Dealer Summit' logo, and a '700Credit' logo.
